HURL AXES AND BOTTLES.

J. A. Franklin Employs Negroes to Clear Land Not Far From a Town in State of Arkansas, but They Are Forced to Hurriedly Go Elsewhere.

Jonesboro, Ark., Aug. 25.—Twenty negroes who were employed at Truemann, a lumber town near Jonesboro, were driven away by white men. The latter are alleged to have hurled axes and beer bottles at the negroes.

Recently J. A. Franklin, white, owner of a large mill at Truemann, employed some negroes to clear his land. The whites threatened them and they were being driven toward town at the point of a gun in the hands of a white employe at the mill when they were rescued by a foreman employed at the mill. The negroes were frightened away, however.

The driving away of the second gang of negroes has aroused Franklin, who declares that he will attempt to carry out his plan of clearing his land with negroes. In case he makes such an attempt further trouble of a more serious nature is expected.

Brokerage Firm Suspends.

New York, Aug. 25.—A. O. Brown & Co., one of the largest brokerage houses in the city, announced its suspension on the stock exchange on Tuesday. The transactions of the firm were remarkable on the stock exchange last Saturday and have been under investigation by the authorities of the stock exchange. It was announced the transactions have been made for the firm's account under the rule which provides that where a firm is unable to deliver the stock sold to another broker the purchaser may buy in stock at the expense of the firm failing to make delivery.

The firm has offices at Buffalo, Chicago, Cleveland, Detroit, Erie, Utica, Toronto and Paterson, N. J. A representative of the firm gave out this statement: "The affairs of the firm are badly tangled and it was felt necessary to suspend in order to straighten them out."

No statement of assets and liabilities is available but it is presumed the figures will be large.

Lumber Mills Consumed.

Wilmington, Vt., Aug. 25.—Mills of the Deerfield Lumber company were fire consumed; loss, \$175,000.

Good Price For First Bale.

Okolona, Miss., Aug. 25.—First cotton bale of the season's crop sold for 18 1-2 cents per pound.

A NEW SNAKE STORY.

A snake story with material evidence to convince the incredulous was developed last evening when Mr. Hugo Jahn discovered on his premises a reptile's nest containing eleven eggs. While the small, strange objects were being curiously viewed one emitted a wiggling little reptile about ten inches in length. The scaly and infantile reptile was of the Chicken snake species. The eggs will be kept by Mr. Jahn as a curiosity until hatched, when the product will beyond doubt go the way of all good snakes.

SIGNS BEING REMOVED.

In accordance with the order of the city council, quite a number of hanging signs on Main street were removed yesterday, and today will probably show a general disappearance of the offending boards. Nearly all of the Cottonwood trees on and in close proximity to the thoroughfare were felled and the cleaning up movement, while probably appearing incongruous at present, will really eventuate into a stage of improvement and the beautifying of the avenue.

Due to a typographical error, The Eagle stated yesterday morning that Dr. M. E. Weaver, pastor-elect of the Baptist church, would arrive here on September 30, when it should have been the 3rd of the month.

BISBEE'S THIRD FLOOD.

Torrent Ten Feet High Rolls Down Main Streets.

Bisbee, Ariz., Aug. 25.—For the third time this summer Bisbee has been visited by a disastrous flood—the last the worst. Torrents of water ten feet high swept down the two main streets. The jewelry store of L. L. Gilman was completely destroyed. Other stores were badly damaged.

The Copper Queen store was kept from being flooded by a lever constructed of sacks of flour. The water, gas and sewer mains were damaged to the extent of several thousand dollars. The total damage has not yet been estimated. No lives are known to be lost, although several persons are missing. Seven horses were drowned.

TAKING TESTIMONY.

For Benefit of Parties Wishing to Participate in Judgment.

Sherman, Tex., Aug. 25.—Frank D. Ryan, assistant special commissioner of the Eastern Cherokee enrollment, is here from Washington. He is engaged in taking the testimony of certain parties who have filed applications to participate in a judgment of the court of claims in favor of the Eastern Cherokee Indians.

According to this judgment \$5,000,000 will be divided among the Eastern Cherokees. These are the Indians who are scattered through Virginia, Tennessee, Mississippi, Georgia, Florida and other states, and who were ruled out when the lands of Indian Territory and Oklahoma were allotted, but who took their case to the court of claims and succeeded in establishing a valid claim against the government of the United States. Two hundred applicants are here.

Governor Names Delegates.

Austin, Aug. 25.—The governor has announced the list of delegates to the convention of the Lakes-to-the-Gulf Deep Waterways association, at Chicago, Oct. 7, 8 and 9. Delegates are named, one from each congressional district, as follows: Horace W. Vaughan, Texarkana; Stuart Smith, Texarkana; R. W. Simpson, Gilmer; James P. Haven, Denison; Mark Smith, Waxahachie; Richard Mays, Corsicana; J. E. Powers, Crockett; J. L. Hutcheson Jr., Houston; C. S. Holland, Victoria; E. R. Kone, San Marcos; A. R. McCollum, Waco; W. A. Hanger, Fort Worth; Reese Tatum, Dalhart; Will H. Mayes, Brownwood; John A. Valls, Laredo; Joseph U. Sweeney, El Paso.

Railroad Charter Approved.

Austin, Aug. 25.—The attorney general's department approved the charter of the Quitman and Great Northern Railroad company, headquarters at Quitman; capital, \$25,000. The proposed road is to run from Quitman to Mineola, Wood county, ten miles. Incorporators are J. W. Smart, T. A. Stephens, J. B. Goldsmith, J. W. Cirley and others, all of Quitman.

May Mean Much.

Fort Worth, Aug. 25.—L. W. Lloyd of Marshall has purchased a 100-acre tract near the city upon which it is believed the Rock Island plans extensive improvements in terminals and shops. Mr. Lloyd has been prominently connected with the Rock Island for years. Officials of the road neither deny nor confirm.

Considerable Cutlery Stolen.

Waxahachie, Tex., Aug. 25.—Burglars entered the Plumhoff Saddlery company's establishment. Five dozen pocket knives and several razors were stolen. The work is supposed to have been done by small boys, who crawled between the bars of rear windows.

Due to Depression.

Houston, Aug. 25.—W. H. Sheldon, manager of the Commercial Oil company, shot himself through the left breast. The bullet came out near the backbone under the shoulder. He is fatally injured. He was depressed over the fancied loss of his position.

"Touched" on Honeymoon Trip.

Cincinnati, Aug. 25.—Just as Rev. Mr. Poole, an Episcopal minister, started on his honeymoon he was robbed of \$129 at the depot.

EXONERATES JEROME.

May Throw Dice For Drinks and Also Dollars.

Albany, N. Y., Aug. 25.—In his report, just submitted to Governor Hughes, Richard L. Hand, who was appointed by the governor to take testimony upon the charges filed against District Attorney Jerome of New York, discusses at some length the question of gambling. In his findings, exonerating Mr. Jerome, Commissioner Hand goes into the allegation that the district attorney and three others

W. T. JEROME.

shook dice in a restaurant at New York which is licensed under the so-called Raines law, "for the drinks," and also for a dollar a shake.

"As to the act of the district attorney and his companions," says the report in part, "it is sufficient to say that it is not a crime. By common law it was so far legal that the wager could be recovered in the courts by the winner, and it is not criminal by the law of this state today."

Promises Enforcement of Law.

Cedar Lake, Ind., Aug. 24.—Charging that Republicans, not being able to meet the arguments in support of the Democratic platform, are attempting to scare the voters by a resort to their imaginations, Hon. W. J. Bryan, en route from Chicago to Indianapolis, gave out an interview in which he announced that if elected his work would be the enforcement of the law. He counted the opportunities which the Republicans during the ten or twelve years of Federal control have had to enact remedial legislation and stated that in view of this fact they are stopped from predicting any scare on his action in executive matters.

He said the Republicans are recognizing that they cannot meet the arguments presented in support of the Democratic platform, are attempting to scare the voters by a resort to their imaginations.

Notation Identified.

Chicago, Aug. 25.—Captain Thomas I. Porter of the government secret service revealed that he had identified as in the handwriting of George W. Fitzgerald notation "173 M" on the \$10,000 bank note sent to the treasury by the Commercial National bank.

All trace of the bill was lost in the bank, but officials are certain it was the top bill of the package of \$173,000, for the alleged theft of which Fitzgerald was arrested, and that it establishes that the stolen money was being circulated at Chicago.

Interment Friday.

Heidelberg, Aug. 25.—Announcement is made that the funeral services and burial of the late Baron Speck von Sternberg will be held at Lutzehna, the family estate, near Leipsic, next Friday at 3 o'clock. Baroness von Sternberg has received telegraphic messages of condolence from friends in all parts of the United States and Europe.

Nine of the sixteen Democratic

Mrs. Clara Drescoll Sevier, former
president and most distinguished leader
of the Daughters of the Republic
of Texas, has announced her inten-
tion to return to Texas from New
York, where she has lived since her
marriage. Heretofore she has con-
ducted herself with a dignity becom-
ing to her position, refusing to partic-
ipate in the disgraceful squabbles
that have rent asunder that once
worthy and much respected organiza-
tion, now fallen into disrepute. She

great schools, four splendid church
buildings, opera house and Carnegie
library that any city might be proud
of, and all other public buildings and
a large percentage of the homes, not

only one such failure in Oklahoma.
The trouble of going through a legal
process with the certainty of getting
his money is less objectionable to the
average man than the chance of los-
ing it, as too often happens under the
system we have in Texas.

STIRRING APPEAL.

Hon. Rufus Hardy Advises Democrats
to Hold Rallies—National Leaders
Must Have Campaign Funds.

To the Democrats of the Sixth Con-
gressional District:

I am in receipt of the following let-
ter from Jas. T. Lloyd, Chairman of
the Democratic National Congression-
al Committee:

Chicago, Ill., Aug. 12, 1908.

Hon. Rufus Hardy,
Corsicana, Texas.

Dear Mr. Hardy: We are sorely
in need of money to meet the ex-
penses of our committee. It has been
well sustained thus far, and we are
confident that it will be supported to
the end of the canvass.

Can you not induce the good Demo-
crats of your district to furnish us
with at least \$100?

We have established headquarters
here, and with the Washington office
we are well equipped for the remain-
ing work of the campaign, but we
need your co-operation and assistance
to make effective the work begun.

We will be pleased to have you vis-
it headquarters at either place, and
will appreciate any suggestions you
may offer as to the best way to con-
duct our work.

(Signed) Jas. T. Lloyd.

Please let me suggest that every
good sized town in our district hold a
public meeting to be known as a Dem-
ocratic rally, at which local speakers
or others shall present the cause of
Democracy and its appeal for support.
If a number of leading citizens in
each place can be induced to sign a
call for the meeting a good attend-
ance and good results ought to be
had. I am anxious to arrange a meet-
ing for Corsicana on Saturday, Sep-
tember the 5th, at which I hope to
have both local speakers and speak-
ers from a distance. The prospect
for the National Democracy was never
brighter, but the indications are
strong to be that the Republicans are
going into this fight with a heavy
campaign fund, collected from spe-
cial interests, and that the Demo-
crats are absolutely dependant upon
the small contributions of the un-
favored masses. The Morgans, Rock-
efellers and Harrimans, the tariff
beneficiaries, the railroad capitalists,
the lumber kings, the steel monopo-
lists are all against us, and they are
seeking on the one hand to array
what they are pleased to term the
business interests against Democracy
by appeals similar to that of Mr. Van
Cleve, president of the National As-
sociation of Manufacturers, and on
the other hand to array the laboring
man against us by shrewd articles
such as one I have this day received,
written by B. F. Yoakum and published
in the New York Times, and doubt-
less sent abroad over the whole coun-
try, which is largely a railway com-
pendium prepared for the General
Managers Association of Chicago,
purporting to be railway statistics for
the year ending June 30th, 1907. This
latter article is shrewd and appar-
ently non-committal and non-partisan,
but to my mind is a strong appeal
in behalf of the interests who have
made terms with Taft and the Republi-
can party. These two circulars,
coupled together, give no uncertain
sound. They mean that the favored
are to be appealed to for unlimited
campaign contributions to the Republi-
cans, and that the working man is
to be beguiled with the pretense that
a Republican victory means renewed
and continued employment. These
latter are to be blinded, if possible,
to the fact that they lost their jobs
under Republican rule and are to be
beguiled into the belief that the only
way for them to become re-employed
is for them to continue the Republi-
cans in power. With the Republicans
in continued power it is well known
that no relief will be had to the rail-
road employee in the way of amend-
ing the law so as to forbid midnight in-
junctions or high-handed proceedings
without trial by jury in cases of in-
direct contempt. No relief will be
had against high and higher tariff im-
positions, no relief will be had against
tariff fostered trusts, monopolies and
combinations, and no attempt will be
made to effectively abolish railroad
discrimination and extortions. After
being held up, the people are being
told that they had better submit or
it will be still worse for them. Mean-
time, by concerted action, and it
seems to me, in violation of existing
laws, the railroads are raising their
entire rate charges in the South to an
amount which Mr. Culberson said in
his telegram to the president will cost
Texas alone about \$2,000,000. This
raising of freight rates seems to be
limited to the South, which is irre-
trievably Democratic. It is not im-
posed upon the doubtful States where
the resentment of the people might
result in the overflow of republican-
ism. Texas of course is safely dem-
ocratic, but the national democracy
needs the devotion and assistance of
every Texas Democrat. Will we give
it? Prepare in your meetings and
gatherings to give your pennies, your
dimes and your dollars.

Very truly,

RUFUS HARDY

NOTIFICATION OF KERN.

Indianapolis, Ind., Aug. 25.—John
W. Kern was notified this afternoon
that he is the Democratic candidate
for the vice presidency. The cere-
mony took place at the State Fair
grounds in the presence of repre-
sentatives of the party from all parts
of the country. The actual notification
was simple. After Mr. Kern had been
introduced the chairman of the com-
mittee notified the candidate in a
short speech, and the latter replied
briefly. Then followed the address of
William J. Bryan, the presidential
candidate, on the subject of trusts.
Mr. Bryan's speech was the chief fea-
ture of the day and was listened to
with close attention by the great
crowd that packed the Colosseum.
Frequent applause greeted the re-
marks of the speaker.

Mr. Bryan arrived from Chicago
this morning with National Chairman
Mack and several other prominent
Democratic leaders. The morning
trains also brought many of the
Western and Southern members of
the notification committee. The noti-
fication committee had quarters re-
served for it at the Grand Hotel. Mr.
Bryan and Mr. Mack proceeded at
once to the residence of Mr. and Mrs.
Kern, whose guests they are to be un-
til they leave the city tomorrow.

INSURANCE EXPERTS CONFER.

Detroit, Mich., Aug. 25.—The annu-
al convention of the National Associa-
tion of Insurance Commissioners,
which began today at the Hotel
Ponchartrain, promises to mark an
epoch in the history of insurance.
The meeting has attracted several
hundred prominent representatives of
life, fire and accident companies, in
addition to the commissioners of the
different States.

Many questions of live importance
to the insurance world are slated for
discussion. Included in the list are
the amortization of investment se-
curities, taxation of insurance com-
panies, the advisability of a uniform
law providing standard provisions for
health and accident policies and the
desirability of a fire insurance policy
in simplified form.

DID it ever occur to you why all good bus-
iness men keep a checking account with
a bank? We will tell you. It enables
them to keep their funds in a more secure
place than the office safe. It gives them a better
standing in the business world. It enables them
to pay their bills by check, the returned check
being a receipt. Individuals find a checking
account very convenient and a source of saving.
Money in one's pocket is often spent on the

MARRIED AT KINGSVILLE.

Announcement was made yesterday of the marriage of Miss Nettie Gammon of this city and Mr. L. L. Penn of Kingsville on last Friday night. The nuptial event occurred at the latter place, and was very quiet, no hint of the happy consummation of their plighted troth having been given. The couple will make their home in Kingsville, where the groom is a popular and well known young man.

The bride is the daughter of Mr. and Mrs. J. H. Gammon of Bryan, and possesses traits of amiability and sweetness that have endeared her to all with whom she has the slightest acquaintance. A large circle of friends here extend congratulations.

MRS. WM. WILLIAMS DEAD.

Mrs. Wm. Williams, aged 70 years, and a resident of Brazos county for probably two score years, succumbed to an extended illness Monday night at her home on Green's Prairie, south of Bryan.

The funeral was held yesterday afternoon at 3 o'clock, interment being observed in the Bethel cemetery, and Rev. J. M. Bullock speaking the word of the church at the consignment of the body to the grave. Deceased was universally known, being a consecrated christian and the perfect embodiment of true, pure and loving womanhood, and by many who were more intimately acquainted with her, she was affectionately termed "Grandmother." Surviving are the husband, two sons, J. M. and George Williams, and two daughters, Mrs. Dolly McCulloch and Mrs. Arrington.

DO YOU WANT BRYAN ELECTED?

If you do, you ought to be willing to help. Of course, you know a campaign cannot be conducted without money. The trusts have abundantly financed the Republican campaign, confidently expecting that if Taft is elected his administration will be favorable to them. Bryan is making a heroic fight in behalf of the people. Simple justice requires that all who believe the people ought to rule and law-defying corporations compelled to respect the rights of the people, should contribute to the Democratic campaign fund.

By request of the Democratic National Committee, the Eagle is collecting and forwarding subscriptions. Drop in today and leave your offering or 'phone us and we will call for it.

IMPROVING MAIN STREET.

Dirt and Obstructions Removed—Another Dressing of Macadam to Be Applied—Business Men Suggest Making it a Boulevard.

Last week the sand and dirt that had accumulated on Main street was raked into winrows and carted away, preparatory to another dressing of macadam. All depressions will be filled and the grade made perfectly smooth. Such of the old telephone poles as have ceased to be used and all other unnecessary obstructions in the gutters will be removed. It is probable also that the poles in use will be taken out of the gutters and planted in the edge of the curb.

It will be remembered that one of the old cottonwood trees near the Tyler Haswell corner fell several weeks ago. It happened to be Sunday morning where there were few people in the street; on any other day it could hardly have occurred without doing serious damage to both persons and property. This led to an investigation, which developed the fact that all of the old cottonwoods were decayed at the root and liable to be blown down or to fall of their own weight at any time. As a measure of precaution the city council ordered the remaining trees of that species to be removed, which has been done.

It has been suggested by some of the business men that a row of street trees of some hardy variety be planted along the middle of the street, from end to end, converting it into a boulevard. The width of the street from curb to curb is said to be 120 feet. Allowing for the trees a strip ten feet wide along the middle, there would be left on each side for travel and traffic 55 feet, which is almost as wide as an average street in most towns.

CENTRAL TEXAS ASSOCIATION.

The Workers' meeting of the Central Texas association, composed of Baptist churches of Brazos and Robertson counties, will be held at Reliance, ten miles east of Bryan, Friday. A day and night session will be held and a very interesting program will be rendered, in addition to which there will be special divine services. These meetings are held every fifth Sunday in the month, their object being the dissemination of information and ideas for carrying on missionary work, which is a department of the organization; the exchange of views of the members, and the strengthening of the association.

WOOL GROWERS' IN SESSION.

Plans to Break Up Wool Trust—Many in Attendance.

Salt Lake City, Utah, Aug. 25.—Plans to break up the "wool trust" will form the principal topic of discussion at the annual convention of the National Wool Growers' association, which convened here today for a three days' session. Many leading wool growers are in attendance from Wyoming, Colorado, Oregon, Utah, Washington, Arizona, Montana, Idaho, and other States and Territories.

The growers believe that the problem of giving them the control of the industry and eliminating the middleman and speculator can be solved by the establishment of storage warehouses in the chief wool growing centers. This plan has been placed in

operation on a small scale in St. Paul and Omaha and the results have been highly satisfactory. It is now proposed to inaugurate the scheme on a large scale, with the establishment of large storage plants in Chicago, Denver, Omaha, Kansas City, Minneapolis, and other market centers. A committee of the association has been investigating the subject for several months past and will report the results of its labors to the present convention.

ADDITIONS TO TRYON.

Four more accessions to the Tryon Baptist church Monday evening marked the revival meeting being carried on by Rev. Walter Edge, the pastor, making a total of eight affiliations as its result. The meeting will be brought to a close within the next few days.

KERN FORMALLY TOLD.

Informed He Is the Nominee For Vice President.

HE DWELLS UPON TARIFF

Mr. Bryan, Who Was Present, Dealt With the Trust Question—Exercise: Take Place at the Indiana State Fair Grounds, Vast Throng on Hand.

Indianapolis, Aug. 25.—The fourteen railways and traction lines entering this city brought great numbers of people to attend the notification of Hon. John W. Kern of his nomination by the Democratic national convention for the vice presidency of the United States. Among notable men present were Hon. W. J. Bryan, Senator Culberson and Chairman Mack of the national committee. The latter gentlemen were entertained at Mr. Kern's residence. Twenty-four automobiles conveyed the members of the notification committee and others from the Denison

JOHN W. KERN.

hotel to the state fair grounds, a four-mile ride. There was an immense attendance in the Coliseum, where the ceremonies took place.

In his speech informing Mr. Kern of the honor conferred upon him Hon. T. E. Bell of California, chairman of the notification committee paid high tribute to the nominee and praised Democracy.

After felicitously acknowledging the honor that had been conferred upon him by the Denver convention and expressing his pleasure and satisfaction in being associated with Mr. Bryan on the ticket, Mr. Kern arraigned the Republican party for what he alleged was the establishment of a "parliamentary condition in the interest of monopoly, under which the sole power to determine whether a measure should be allowed to become a law or not was lodged in the speaker of the house of representatives," citing number of cases in support of his contention. The principal part of his address was devoted to the tariff.

Among other things Mr. Kern said: If the wages of labor depend upon a high tariff, why should any man favor a reduction of that tariff? If, after eleven years of surpassing prosperity, brought about by the "Dingley bill, business languishes, and labor suffers, why not excite some more "roscaie expectations" by raising the tariff rates, to the end that there may be a much needed revival of business, and that labor may again find employment?

The voters of America are not likely to be deceived as to the tariff question by the stock arguments of the opposition.

Thinking people of all classes are becoming interested in the moral aspect of this question. The president in vigorous language has pointed out the evils which have grown out of the existence of "swollen fortunes," the most of which have been amassed by the beneficiaries of this system.

Senator La Follette in a speech delivered in the senate last March exhibited a list of less than one hundred men, who, he declared, controlled the industrial life of the nation, and held in their hands the business of the country. A casual reading of this list shows that it is made up of men who have been the beneficiaries of legislation or favorites in the administration of the law.

The president rails against swollen fortunes as menaces to the public welfare and as promotive of evils which eat at the very heart of society. As remedies he has suggested an income tax and an inheritance tax, that their growth may be to some extent checked.

Concluding, the nominee used these words:

Gentlemen, we enter upon this campaign with every prospect of success. Never has a political platform been received with such favor by all classes of people, and never has a candidate been presented by any party who was closer to the hearts of the people than our matchless standard bearer, William J. Bryan.

Hon. W. J. Bryan delivered an address, in which, among other things, he said that nowhere does the Republican party show its indifference to real reform more than in its treatment of the trust question.

"Competition, he declared, protects the purchaser, for when a number of independent producers stand ready to supply him with what he needs, he can choose between them and buy from the one who offers the best product at the lowest price. He is also protected in quality because of those who compete for the opportunity.

The Democratic party, Mr. Bryan asserted, is the defender of competition, and the only great party which is seeking to restore competition."
